TYPHOID IN ORPHANAGE

Forty-eight Cases in the Baptist Orphanage at Thomasville.

THE CROPS AND POLITICS

The People Interested and Enthusiastic, But Harvest Engages Their Attention.

(Special to The Times-Dispatch.) RALEIGH, N. C., October 12,-Superinendent Archibald Johnson, of the Bap tist Orphanage, at Thomasville, is in the city, and reports that there twenty cases of typhold fever in the Orphanage Hospital and as fast as one patient is discharged, are others to take their places There have been to date forty-eight cases and two deaths. He says they have been unable as yet to discover the cause for the epidemic. He says the institution in sore need of \$10,000 for sewerage plant and other Improvements.

United States Senator Lee S. Overman United States Senator Lee S. Overman in spending a few hours in the city today, said he finds the people deeply interested in the issues of the day, and enthusiastic for Democracy, but that crop conditions are such that heavy inreads are made on the attendance at the campaign speakings. The crops are the largest, he says, that has been known in years, and the yield simply immense.

MONEY FOR BUILDING. MONEY FOR BUILDING.

MONEY FOR BUILDING.

Professor J. B. Carlyle, who is spending considerable time in the field now valsing funds for the alumni building at Wake Forest College, says he has raised \$5,500 within the past five days.

A clarter is issued to the Wadesboro Live Stock Company, of Wadesboro, The capital is \$56,000 and the principal incorporators are J. A. Leuk, W. B. Kerr and W. H. Little.

The North Carolina Tax Commission announce that they will very soon enforce

The North Carolina Tax Commission announce that they will very soon enforce the penalty against clerks and mayors of towns who fail to report to the commission the tax valuation of real and personal property and the sources of revenue of their respective towns under the law of the last Legislature. There are forty out of 350 towns that have not reported for this year. And the reports are long past due.

BUM DISTILLERY.

RUM DISTILLERY.

RUM DISTILLERY.

Revenue officers from Raleigh destroyed a moonshine rum distillery near' Mt. Olive last night. It was in a dense swamp and is the first rum distillery discovered in this section in a long while.

State Trensurer B. R. Lacy leaves today for Arizona to spend two weeks with his brother. Dr. John H. Lacy, seeking relief from astima from which he has been a great sufferer for several months. He has great difficulty in breathing at night, so, much so, that his physician has several times recently had to spend the entire night with him in efforts to afford relief.

(Special to The Times-Dispatch.)

SALISBURY, N. C., Oct. 12.—Formal announcement was made here to-day that the Salisbury Globe, hitherte a weekly paper, owned by Labar. Commissioner H. B. Varner, will change to a daily publication beginning within about three weeks, and that the name of the new paper will be the Salisbury Rvening Globe, Mr. Varner, who is himself a successful newspaper man, has associated with him Mr. Carl Hammer, of Selencetady, N. Y., who has had a wide journalistic experience, and who will assume the editorship of the paper.

When They Get Quiet.
Candidates for Vice-President are heard before election. After that date they are of no more importance than the lusband of the woman keeping a big boarding-house.—Hartfora Post.

Inflaumatory Rheumatism in the knees, from which I was unable to leave my room for several months. I was treated by two doctors and also tried different kinds of linaments and medicines which kinds of linaments and medicines which seemed to relieve me from pain for awhile, but at the same time I was not any nearer getting well. One day while reading a paper I saw au advertisement of S. S. S. for Rheumatism. I decided to give ita trial, which I did at once. After I had taken three bottles I felt a great deal better, and I still continued to take it regularly until I was entirely cured. I now feel better than for years, and I cheerfully recommend S. S. S. to any one suffering from Rheumatism.

613 32d St. Chas. E. Gilderslehve.

Rheumatism is caused by uric acid or some other acid poison in the blood, which when deposited in the muscles and joints, produce the sharp, cutting pains and the stiffness and soreness peculiar to this disease. S. S. goes directly into the circulation, all irritating substances are neutralized and filtered out of the system, the blood is made pure and the general health is built up under the purifying and tonic effects of the vegetable re me dy. Write for our special book on Rheumatism which is sentfree. Our physicians will advise without charge all who will write us about their case.

CANTEEN REMOVAL | CAPT. GROCKETT IN CAUSE OF DISCORD

Surreptitious Sale of Vile Li- Kills Five Filipinos and Is Himquors Take Place of Post Exchange.

(By Associated Press.)
WASHINGTON, D. C., October 12.—The
War Department has just received the report of the Chickamauga and Chatta-National Park Commission, submitted for the commission by General H. V. Boynton, chairman. The commissioners state that during the year monuments were erected and dedicated by the States of Maryland. Ohlo and Pennsylvania. The State of Ohio also has placed seventy bronze tablets on Missionary Ridge to mark the ground of action of its regimental organizations, and three large bronze tablets to preserve general Ohlo history in the battle and that of thirteen atterles. The commissioners add that work is progressing very rapidly on the great New York monument on Lookout Mountain. The commission recommends for the next fiscal year increased provision for maintenance of roads; also for robuilding the Peavine Creek bridge, and that the Alexander bridge, which is of wood, be replaced with one of metal. General Boynton refers to the stay in the park for the last two years of the Seventieth Cavalry, and he says that the excellent health of that command has continued to demonstrate that the park is a region exceptionally free from disease, and that for troops that are fully instructed in the sanitary care of their camps no more healthful location could be found.

Referring to some slight disorders which have occurred. General Boynton suys:

MILK INSPECTION.

Rammed Yacht Taken to Newport News for Repairs.

(Special to The Times-Dispatch.) NEWPORT NEWS, VA., Oct. 12.—As (Special to The Times-Dispatch.)

NEWPORT NEWS, VA., Oct. 12.—As the result of a pure milk campaign which has been inaugurated by Dr. J. R. Bagby, the city health officer, the incteal fluid promises to be a scarce article in these parts in the near future, and it is not at all unlikely that some of the dairymen furnishing the city milk will get themselves into serious trouble. Yesterday morning, armed with a testing apparatus, the health officer pounced down upon the wagons the very dairymen. The contents of the cans was tested, and six of the twelve falled to satisfy the doctor. It was found that just half of all the milkmen were delivering an article which did not have the three per cent, of "fat" resulted by law.

Dr. Bagily will give out nothing concerning his investigation, but it is understood that he has secured evidence which proves that several of the dairymen have been continually practicing more gross violations of the law than mere use of the deiry pump.

When the doctor is ready to "take the lid off" some interesting developments are expected.

The schooner yacht Endymion, which was rammed off Old Point yesterday by the tig Sally, was towed to the shippard here to-day for repairs. The yacht has a large hole in her port and will have to undergo extensive repairs before she will be seaworthy. She is owned by George Lauder, Jr., of New York, and the owner aboard the yacht, the ting, in broad day. Ilight, steamed directly for the yacht and ran into her bow without changing threw the tug captain through a window to the deck.

REVIEW AT HAMPTON ROADS

Precautions Against Recurrence of the Missouri

Disaster.

(By Associated Press.)
WASHINGTOM, D. C., October 12.—Admiral Dewey has again offered to assume command of the combined fleet in the nanouevers. If his service can be spared rom the presidency of the general board at that time Secretary Morton will accept the Admiral's offer. It is probable early in the new year and assume com

Early in December, after docking his ships for the purpose of having the bottoms cleaned, Rear Admiral Jewell, commanding the European squadron, will commanding the European squadron, will start for the Caribbean. He will be joined off Culebra about December 15th by Rear Admiral Chadwick with the South Atlantic squadron, and by Rear Admiral Signey with the Caribbean squadron. The ships of the three squadrons then will disperse among the various West Indian ports to give the men shore liberty during the holidays. Orders have gone from the department that the liberality of shore leave is to be materially increased, and the programme is being mapped out with this in view.

At Hampton Roads.

In the last days of December the bat-tleship squadron of the North Atlantic fleet, consisting of the flagship Kenrsarge, the Alabama, Illinois, lowa, Maine, Mas-sachusetts, Kentucky and Missouri, will arrive off Hampton Roads, spick and span arrive off Hampton Roads, spick and span from the navy yards, in commund of Rear Admiral A. S. Barker, the second squadron commanded by Rear Admiral Charles S. Davis. The present plan is for Admiral Dewey and Secretary Morian to go from Washington in the Mayinower and review the fleet off Hampton Roads. The fleet will get under way about January 3d, arriving at Guafanamo between January 8th and January 10th. Admiral Dewey will then assume command of the combined fleet, and the winter manouevers will begin.

From the Caribbean the ships will come north for target practice, which will occur

north for target practice, which will decire either at Pensacola or near Key West. Every precaution will be taken against the recurrence of such an accident as occurred off Pensacola last year at this time, when an explosion on the Missouri caused considerable loss of life. All of the ships by that time will be fitted with blowers, which will make blow-backs prac-tically impossible.

RIIS'S "LIFE OF ROOSEVELT" BARRED

(Special to The Times-Dispatch.)
COUNCIL BLUFFS, IOWA, October
12.—On the ground that it is a political
work, Jacob Rlis's "Life of Roose, et"
was yesterday rejected by the trustes
of the Public libiary who were engaged
in the revision of a list of books to fill
the shelves of the new Carnegle building.
The list under emideration has been (Special to The Times-Dispatch,)
WASHINGTON D. C. Oct, 12—The following fourth-class postmasters were appointed in Virginia to-day, Captain, Craig
county-Sarath E. Jones; Finney's Biding,
Russell county-Henry A. Shoemaker.

The list under cinideration have the prepared by the librarian, who ursed that there had been many calls for the work. The question was ruised by a Republican trustee who asked the question: "Wat do you Democratic members think of this book?"

Mr. Pader, a trustre, replied: "If you put it that way, I say throw it out of the window. We cannot afford to buy political works for this library."

The book was thrown out,

LONG ISLAND HOME FOR AUTO RACING

(Special to The Times-Dispatch.)

NEW YORK, Oct. 12.—Prominent automobilists of this city participated in an enthusiastic demonstration of approval when President Scarritt, of the Automobile Club, of New York, at a reception held last night at the club's rooms, Fifth Avenue and Fifty-eighth Street, suggested important plans for a long-distance contest for motor cars next year. The function was in honor of foreign representatives who took part in the race for the Vanderbilt, Cup on Long Island last Saturday.

The demonstration was repeated when President Scarritt deplored the outcry which is being made against the motor car because of its death-dealing powers, He said the auto was "the lafest gift of the gods to men, and a mighty factor in the progress of human affairs." In his congratulations to the management on the success of Saturday's contest he expressed regret that a fatality had occurred. Heath, the winner of the Vanderbilt Cup, sailed for France Monday, but Clement and others of the foreign contestants were at the reception.

President Scarritt, in his welcoming address, spoke with much assurance of an international contest for next year, with Long Island roads for a course, He made light of the obstacles which were put in the way of this year's contest, saying it was beneficial in the same way that "a few flens are good for a dog, to make him scilve."

"There are several important changes which I would suggest for the race next year." President Scarritt said. "One is a grandstand should be in the form of a

gigantic arch covering the course at the start.

"I would also suggest that the course be enclosed for a quarter of a mile, both approaches and beyond the grandstand. This would leave the stretch absolutely free from danger to speciators and promote the satisfaction of the contestants."

President Scarritt commended the management of last Saturday's race for stopping it when Heath and Clement had finished. He said that the relaxation which must necessarily follow when the winner was declared would tend to carclessness on the part of speciators. They occupied the course and were in a position of great peril. IN COMMAND

on the part of speciators. They occupied the course and were in a position of great peril.

The sentiment among automobilists at the reception was in favor of building a country blub on Long Island and making that locality the home for motor car racing in this country.

Why Ferand Gabriel had to abandon the Vanderbilt Cup race on the seventhing, after leading easily in the first three, was explained yesterday, when it was learned that the joiling of the course knocked the bottom out of the tool-box, scattering the tools along the course. When at the middle of the seventh lap the pumping chain broke and the mechanic reached around for the tools, his hand encountered the sides of an empty bottomless box. According to Gabriel's mechanic, the loss of the tools, which he blames on the Long Island roads, was alone responsible for Gabriel's failure to continue and win the race, it was not, as generally reported the day of the race, the breaking of one of the engine cranks,

A ROMANCE COMES **NEAR BEING TRAGEDY**

Hammitt, of Bristol, took carbolic acid while at the Hotel Belmont this morning which, but for the timely administering of an emetic by a physician, would have

of an emetic of a physician, would have resulted fatally.

The young man was married on last Sat-urday, and having his pretty wife here, he took some offense at her acts, and at-tempted to polson himself in this way.

Mr. Hammitt left Bristol several days ago to attend the Virginia Polytechnic Institute, but when he reached Chris-tiansburg he cloped with Miss Clara Gardner and they were married in Roan

oke.

The mother of the girl ordered their arrest, and they were waked up in a Pullman drawing room, and, after being given time to dress, were taken to police headquarters. Mrs. Gardner arrived with her lawyer by the next train, and when she found they were married made the best of it.

SYSTEM IS BUILT ON AN UNTRUTH

day at the annual meeting of the Presbytery, held in the First Presbyterian Church, of Oyster Bay. A letter sent by Dr. Carter to each member of the Presbytery makes it possible that he may be tried for heresy. It was over the question as to whether Dr. Carter should be so tried, dropped from the church or supported by the Presbytery that the discussion was held. It was finally decided to put off action until the December meeting of the Presbytery.

Dr. Carter's letter, which has been published in full, made the following statements, in substance:

The whole scholastic theology and the Calvinistic system that is built upon it is

ments, in substance:

The whole scholastic theology and the Calvinistic system that is built upon it is untrue. The doctrine of the fall of man in Adam is a blunder. The doctrine of the Trinity has never brought to me one ray of light, and when I think how it has divided Christendom and cut off from the general church fellowship many of the most beautiful souls, I devoutly wish it had never been formulated. But I fully accept Jesus Christ as the well beloved Son of God, and can worship and adore Him with a free, glad heart. He has revealed to me the Eternal Father.

The received atonement dectrines of our Church, an angry God soothed and appeased by the blood of an innocent victim, I cannot accept; but I believe with all my heart this: "God so loved the world that He gave his only begotten Son, that whosoever believeth on him should not perish but have everlasting life." Any man's philosophy of the plan of salvation, authoritatively enjoined, seems a mere impertinence when placed beside this simple and sublime declaration and in this I rest.

RECEIVER FOR COMMONWEALTH

(By Associated Press.)

TRENTON, N. J., October 12.—Vice-Chanceflor Emery, in papers filed here today, appointed Jeromo Taylor temporary receiver for the Commonwealth Tobacco Company. A rule for cause to be shown why the receivership should not be made permanent is returnable in Newark on November 8th. Taylor is required to give bond in the sum of \$150,000. The receiver is appointed on application of George P. Butler, who owns \$276,000 worth of bonds of the company, and to whom, it is claimed, the company is indebted to the extent of \$50,000 on demand notes. The extent of \$72,000, consisting principally of outstanding demand notes. The assets are estimated at \$75,000.
